Elkay in Education

Product Selection Guide

Why Elkay?

- 1 **One quality source** for sinks, faucets, water coolers and drinking fountains
- 2 **Adult & Child ADA Compliant Products** for applications in elementary schools, middle schools, high schools and colleges/universities
- 3 **Products for both new and replacement applications**, in a variety of styles.
- 4 **A combination of form and function**, for products that look as well as they perform
- 5 **“One Call” Technical Service** to help make installations or repairs as easy as possible
- 6 **A rich tradition** of innovation, manufacturing excellence and outstanding service since 1920
- 7 **Manufactured in the USA** with domestic and imported parts

Quality.

Performance.

Safety.

When selecting plumbing products for educational facilities, there are many things to consider. That's why you need to consider Elkay as your one source for the sinks, faucets, water coolers and drinking fountains in your facility. Elkay...discover the professional's choice!

Elkay Stainless Steel Sinks

- A broad offering of stainless steel sinks for a wide variety of applications
- Select from gauges and finishes all providing long-lasting performance and durability
- Almost 90 years of experience at forming, welding, trimming and polishing

Elkay Faucets

- Ceramic disk cartridge technology provides long-lasting superior performance
- Interchangeable parts make it easy to create the ideal faucet for any application
- Solid brass construction with chrome finish

Elkay Water Coolers & Drinking Fountains

- A wide array of ADA compliant coolers and fountains all certified to NSF/ANSI 61
- Vandal-resistant models for both indoor and outdoor applications
- Safety features and options ideal for educational facilities

sinks

Elkay uses only the highest quality 300 Series stainless steel in various gauges, to help ensure long-lasting performance and durability in the classroom, cafeteria, lavatory and service area. Elkay sinks also offer superior cleanability, are easy to sanitize and will not crack, chip or discolor, making them the ideal choice for educational applications.
