ELKAY® CREATES STYLISH SIMPLICITY WITH GOURMET™ COLLECTION
New Sinks from Elkay Fuse Form and Function

OAK BROOK, IL – September 2007 – Elkay is introducing six new undermount styles to its Gourmet collection of professional grade sinks. Designed with stylish simplicity, the new models offer homeowners a variety of shapes and sizes to complement any kitchen, butler's pantry or bar.

With Elkay's signature sleek contours and high-shine reveal edging, the new Gourmet sinks offer a clean look that is both simple and striking. Inspired by the idea of fusing form and function, the new models embody a casual style and grace without being overstated. The result is a modest, yet eye-catching, sink that elevates the culinary experience, creating a new standard for the connoisseur.

Available in single and double bowls of various size, shape and depth, the undermount sinks range in width from 14 to 37 inches. The stainless steel models are carefully crafted from 18-gauge steel and feature a soft satin finish, while the antique hand-hammered copper Gourmet sinks are made from 16-gauge recycled copper with a living finish that will naturally patina, becoming richer and darker in tone over time. The Gourmet collection is equipped with sound-deadening pads to ensure a peaceful experience for the homeowner, while the cascading feature on the basin divider prevents overflow.

The off-set drain on the single-basin EGUH2816R adds understated drama to the interaction and allows for more usable workspace in the sink, while the similarly styled EGUH211510 takes a more classic approach with a center drain. The double-bowl models,

ELKAY'S GOURMET COLLECTION STYLISH SIMPLICITY – PAGE TWO

EGUH362110L and EGUH322110L, offer two unique smaller bowl options to ensure the perfect fit for every homeowner. Finally, the compact size of the EGUH1317 and EGUH15FB models are ideal for a secondary kitchen sink or a bar space. The six new sink styles are also offered in a variety of different bowl depths and configurations, providing the home gourmet with the opportunity to customize the sink to fit their unique needs and space. Additional model numbers include EGUH3621L, EGUH3621R, EGUH362110R, EGUH322110R, EGUH3221L, EGUH3221R and EGUH281610R.

The new models range in price from \$290 to \$3,086. Elkay also offers a wide variety of faucets, as well as accessories to perfectly match the line, including rinsing baskets, utensil caddies, cutting boards and colanders to make shopping easy and stress-free.

For more than 87 years, Elkay has been an innovative manufacturer of stainless steel sinks, water coolers, drinking fountains and faucets for residential and commercial use. Elkay, which is ranked 40th in *Crain's Chicago Business* list of Chicago's Largest Privately-Held Companies, has more than 5,000 employees in facilities across the United States and select international markets. In 2006, Elkay was honored as a Merit Award winner in *Interior Design* magazine's "Best of the Year" for an Avado sink design, a design which has won numerous other awards as well.

Headquartered in Oak Brook, IL, Elkay is also the parent company of E.B. Tecnica Mexicana[®], Elkay Canada[®], Phylrich[®] International, as well as Yorktowne[®] Cabinetry, Medallion[®] Cabinetry and MasterCraft[®] Cabinetry. The Elkay Manufacturing Cabinetry Division is the fourth largest cabinet manufacturer in the U.S.
