intersections of 1/4" radius. Where sinks meet integral drainboards, the intersections are rounded not only for beauty, but for easy, sanitary clean-up. With no overlapping or soldered edges, the image is breathtakingly whole.

The finishing touches? Elkay provides sound deadening to the underside of each countertop and sink. So, you'll hear more compliments on your design and less unwanted room noise. And each custom countertop and custom sink top features Elkay's satin or matte hand polished finish for a stunning look that stands the test of time.
